

# Certipost E-Trust Lightweight Grade Certificate Policy

## for DubliNET CUG –

### EC Regulation 343/2003

### (E-Trust IDA DubliNET LCP)

**IMPORTANT FOR RELYING PARTIES: Please read this Certificate Policy carefully prior to certificate usage.**  
 This E-Trust Certificate Policy Document describes the applicability of the certificates issued under this Policy, the procedures that have to be followed and the responsibilities of the parties involved, in accordance with the E-Trust Certificate Practice Statements, hereafter referred to as CPS.

| Section  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | CPS ref |

|---------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------|
|         | <p>pair, the Organisation is solely responsible for the confidentiality and integrity of the private key. Every usage of the private key is assumed to be the act of the Functional Entity. The PIN (Personal Identity Number) or passphrase, used to protect unauthorised use of the private key shall never be stored in the same location as the private key itself or next to its storage media, shall never be stored unprotected, and shall be given sufficient protection. The private key must not be left unattended in an unlocked state (i.e., unattended in a workstation when the PIN or passphrase has been entered). The Organisation is solely responsible for the usage of the private key, E-Trust is not liable of the usage of the Organisation's key pair.</p> <ul style="list-style-type: none"> <li>• The Organisation is responsible for the generation of the key pair for the Functional Entity.</li> <li>• The Organisation is responsible for the accuracy of the data it transmits to the LRA.</li> <li>• The Organisation must request a suspension or revocation of the certificate to the LRA whenever it is required in the current CPS (section 4.4). The suspension and revocation procedures are described in the current E-Trust CPS (section 4.4), and in section H of this CP.</li> <li>• The Organisation must request a revocation of the certificate to the LRA whenever a person that had been appointed Private Key Operator for that certificate has been removed from that responsibility (i.e. whenever a person who has had access to the private key, is not allowed to operate it any further).</li> <li>• The Organisation has to inform immediately the LRA Services on any change in the information included in the certificate. The revocation procedure will be immediately started.</li> <li>• The Organisation has to inform the LRA of any change in the information that is not included in the certificate, but that has been transmitted to the LRA on registration. The LRA will correct the registered information. This includes warning the LRA if an additional person is appointed Private Key Operator.</li> <li>• The Organisation accepts that the electronic certificate will be published in a publicly accessible registry immediately after its creation and that revocation information on the certificate will be published in the E-Trust Certificate Revocation List that is also publicly available.</li> <li>• The Certificate is deemed accepted by the Subscriber within 8 days from the issuance or at the moment of its first use, whichever is the earliest. If the Subscriber notices an inconsistency between the contractual agreement information and the content of his/her Certificate, he/she must inform the LRA without any delay. The LRA will then revoke the Certificate and take the appropriate measures to re-issue a certificate. This will be the Subscriber's sole remedy for any acceptance refusal.</li> <li>• The Organisation agrees with the rights, obligations and liabilities of E-Trust and the LRA. These are described in the current CPS, the Certificate request form, and in the present CP (section C).</li> <li>• The Organisation agrees that E-Trust and the LRA have the right to revoke / suspend the Organisation's certificate in particular cases described in the current CPS (section 4.4). The LRA warns and informs the Organisation.</li> </ul> |         |

|          | <p>2. The Organisation must send by fax and post to the LRA the following documents:</p> <ul style="list-style-type: none"> <li>• The E-Trust IDA DublinET LCP Certificate Request Form, duly filled in and signed by the Private Key Responsible (including the list of private key operators);</li> <li>• A signed copy of an official form of identity valid in the country of origin of the Private Key Responsible;</li> <li>• A signed copy of an official form of identity valid in the country of origin of the Organisation Listed Responsible;</li> <li>• A mandate letter nominating the Private Key Responsible as responsible for the Private Key and the Certificate, signed by the Organisation Listed Responsible;</li> </ul> <p>3. Electronic Certificate Request</p> <p>The Subscriber will send the electronic certificate request (in PKCS#10 Format), via e-mail to admin@cap01.dac.cec.eu-admin.net, after having generated the key pair within eight (8) days from the date the request form and the related documents (section E(2)) have been sent, hereafter referred as the Registration File, to the LRA.</p> <p>4. LRA Validation</p> <p>When collecting the Registration File received from the Organisation either by fax and/or by post, and the electronic certificate request sent by the Organisation, the LRA Operator (LRAO) performs final validation checks including among others the accuracy of the information provided in the Registration File, a phone and/or e-mail call back. When accepted by the LRAO, the electronic certificate request is sent to the Authorised Certification Authority (see section C1 of the present CP) for certificate issuing. When the certificate request is rejected by the LRAO, the LRAO will inform the Subscriber of this rejection and of the reasons that motivated this rejection.</p> |            |

|          | <p>The Organisation can request to suspend, revoke or unsuspend the certificate. The Organisation will be informed whenever the certificate is suspended, unsuspended or revoked.</p> <p><b>Suspend and unsuspend.</b><br/> In order to suspend a certificate:<br/> First contact the LRA via telephone (+32 2 296 22 72). Then send the completed suspend/revoke form (included in the E-Trust IDA DublinET LCP Certificate Request Form) along with a signed copy of an official form of identity, valid in the country of origin, of the person suspending the certificate via fax and then by post to the LRA (fax: +32 2 29 67688).</p> <p>Upon notification, the LRA will immediately suspend the certificate and start the validation process to check the accuracy of the received documents. After proper validation the LRA can proceed by keeping the certificate suspended or by unsuspending it.<br/> In order to confirm the request for suspension, the LRA will do a telephone callback to the related Private Key Responsible.</p> <p>In order to unsuspend a certificate:<br/> Send the completed suspend/revoke form (included in the E-Trust IDA DublinET LCP Certificate Request Form) along with a signed copy of an official form of identity, valid in the country of origin, of the person who has suspended the certificate via post to the LRA.</p> <p>Upon notification, the LRA will immediately start the validation process to check the accuracy of the received documents. After proper validation the LRA will do a telephone callback to the related Private Key Responsible. Only after this validation procedure will the LRA unsuspend the certificate.</p> <p>The certificate will be unsuspended only after proper research and validation of the unsuspend request. Unless the Organisation requests certificate unsuspension, within a period of 10 (ten) working days the certificate will be permanently revoked automatically.</p> <p><b>Revocation.</b><br/> First contact the LRA via telephone (+32 2 296 22 72). Then send the completed suspend/revoke form (included in the E-Trust IDA DublinET LCP Certificate Request Form) along with a signed copy of an official form of identity, valid in the country of origin, of the person revoking the certificate via fax and then by post to the LRA (fax: +32 2 29 67688).</p> <p>Upon notification, the LRA will immediately suspend the certificate and start the validation process to check the accuracy of the received documents. After proper validation the LRA will revoke or unsuspend the certificate.<br/> In order to confirm the request for revocation, the LRA will do a telephone callback to the related Private Key Responsible.</p> <p>Unless the Organisation requests certificate unsuspension, within a period of 10 (ten) working days the certificate will be automatically permanently revoked.</p> |            |
| <b>I</b> | <b>Renewal</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |            |
|          | <p>In order to receive a new certificate when the validity period expires, the Certificate Application Procedure applies (see section E).</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |            |
